Ingredients

- 2 cups of flour
- 1 cup of salt
- 4 tbsp of cream of tar tar
- 2 tbsp of oil
- 2 cups of water
- colouring - food dye or paint.

Instructions

1. In a large microwave safe container mix all the ingredients together.
2. Zap it in the microwave on a medium/high setting for around 2 minutes.
3. Stir the mixture well and pop it back in for another minute.
4. Check to see if the mixture is starting to come together to form a dough.
5. When you notice the dough coming together mix it together well, then pinch a bit between your fingers (careful - it's hot) if it's still sticky, stir it again and pop in back in for another 30 seconds.
6. Keep zapping and stirring until your dough is smooth and not sticky or wet.
7. Allow to cool a little then dump it out for a quick knead.
